TCLEOSE Firearms Instructor (2222)
This course covers revolver, semi-automatic pistol and shotgun training. It is for new instructors in these weapons. Participants should have a working knowledge of all three weapons and must shoot a qualifying score to successfully complete the course. This is not a beginner’s course. Topics include range management, lead and hearing issues, range safety and analysis, and correction of shooter problems. Participants completing this course meet part of the TCLEOSE requirements for approval as an in-service Re-qualification and/or Peace Officer Basic Training Firearms Instructor.

Pre-requisites: Licensed Texas Peace Officer and TCLEOSE Basic Instructor Certification

Proficiency Certificate: Application must be made to TCLEOSE.

Length of Course: 40 hrs

Tuition: $80.00

Evaluation Process:

Marksmanship: Participants will be required to successfully pass a standard qualification course of fire for each of the following; (revolver/semi-auto-pistol/police type shotgun). Qualification will take place on the first day of training; participants must successfully complete each course of fire with a minimum score of 90%. Only three attempts are permitted to continue in the course.

Gun-Handling Skills: Participants will be continuously evaluated on proper and safe handling of each weapon throughout the course. Any unsafe conditions will result in immediate dismissal from the course. PASS/FAIL

Tactical Shooting: Participants will be evaluated during low-light / dynamic / and scenario shooting situations. PASS/FAIL

Range Operations: Participants will be required to develop and conduct a live-fire standard course of fire meeting TCLEOSE qualification standards. Participants will be evaluated on: range safety, commands, student observation and topic presentation. PASS/FAIL

Written Examination: Participants will be required to pass a written final examination with a minimum passing score of 90%.

Equipment List:
